**Subject:** Notes for follow-up discussion

Bill and team, thanks so much for our discussion on Wednesday. I look forward to following up on Monday to decide the most useful path forward for reaching sound, defensible conclusions with the scope and schedule expected of EPA and CASAC.

Following are a few notes to facilitate discussion on Monday.

## Ex. 5 Deliberative Process (DP)

I look forward very much to your thoughts, to making some decisions, and to moving forward with the exciting and worthwhile challenges to apply top-quality independent scientific advice as quickly and cogently as possible to protect health and serve the public interest.

Best,

-- Tony

Thanks, Clint! Sorry I could not call you — I was traveling. This looks good, and I am glad to see it.

Best,

Absolutely. Most importantly, I wanted to let you know that on Friday, pursuant to the court order and based on CASAC's recommendations, the Administrator signed a proposed rule to retain the SO2 primary NAAQS and solicit comment on related matters. Public announcement is forthcoming Tuesday morning.

Thanks, and please have a great weekend!

Dr. Cox,

Thanks so much for your time earlier – Two items of interest attached. Would you mind providing any thoughts you have on data access this week?

Clint
